OFFICE NOTE.

Subject.
Mismanagement of the Chattrams and their endowments at Honnur in the Yelandur Taluk.

LAST REFERENCE:—

Letter No. 235 dated 26th February 1904 from the Deputy Commissioner, Mysore District, and Inam Supt's Docket No 132 dated 2nd June 1904

There are two Muzra Inam Chattrams at Honnur in the Yelandur Taluk and they are endowed with the marginally noted Inam lands for the support of Chattrams, Sarovara or pond and a tope situated on the way from Bangalore to Coimbatore, from Heggadadevankote and Gundlu to Kaverippurada Ghat and from Sri Rangapatna and Mysore to Biligiri Rangaswami Hill.

Sankemarahalli Hobli
Kavadavadi - Dry Survey Nos: 2, 146, 148, 171, 189 & 190
Honnur Dry Sur Nos. 45, 97, 98, 102, 212 & 285
Banahalli Dry Sur Nos 79, 77 & 120 & 127.

During the Inam Settlement in 1879 the Inams were ~~have been~~ conformed to the Managers for the time being on a Jodi of 17-7-2 subject to its continuance as long as the object of the grant is fulfilled.

Nett Rs. 174-12-11

The managers of the Chathrams and their Endowments at present are Veerappa and Madappa of Nonnur.

In the Vernacular records it is stated that the produce of the Inam lands is appropriated by the managers for their own use; that on the security of the Inam lands some loan has been raised upon the cultivators of the lands and towards interest thereon half the produce of the lands is allowed &c. that the trees in the tope are sold away and that half the Chathram building in the village has been mortgaged and that all the Chathram vessels have been sold. The managers deny the above but state that the trees in the tope have been utilized for brick-kilns for the construction of the Chathram outside the village and that the travellers are fed in their house and in the Shanbhogue's house

The Amildar, who inspected the place, reports that the construction of the Chathram (outside the village) would take 2 years more, that the trees cut down in the tope have not been replaced by fresh ones, that the pond near the tope is not kept in good condition, that there seemed to be no signs of the Chathram (inside the village) having been opened and feeding of travellers conducted therein from

a long time, that the route through Hosmur is now scarcely resorted to since the opening of the road through Santemarahalli, that two benevolent gentlemen of Santemarahalli, viz: Mallappa and Chikka nanjappa who have now been feeding as many destitute travellers that come to Santemarahalli, as they can afford to do, represent that, as the produce of the Hosmur Chattram lands is not properly utilized, the Chattram may be transferred to Santemarahalli, to which many people resort but go without food and that the lands are very valuable. The Amildar submits for consideration that the Chattrams may be transferred to Santemarahalli or that full assessment may be levied on the lands as the object of the grant is not fulfilled.

The Deputy Commissioner concurs with the view of the Amildar in the matter of transferring the Chattrams to Santemarahalli and in his letter referred to above gives a detailed report of the case.

Dated Mysore February 1904

To

Lt. Aucuta Sawai Rao Capt, RA
Deputy Secretary to the Government
of Mysore in the Revenue Department

Sir,

I have the honor to state that in the village of Hommur, Yelandur Taluk there are two chattrams. For the convenience of the public, feeding was taking place since 1815 when Madegowda and Chennevappa were made over the Inam lands endowed to these chattrams. These lands are situated in the Sante Marahalli Yelandur Channarayapatna Taluk. The original object of endowing these lands was to give lodging and food for travellers going to Madeswara and Biligiri Rangan Hills. The route now taken by the travellers going to these hills is through Sante Marahalli which is only 7 miles from Hommur which is less frequented now than before. The Amildar therefore suggests, in his report No 3 dated the August 1903, that the chattrams may be transferred from Hommur to Sante Marahalli. He appears to have inspected the places personally and found that one of the chattrams situated outside of the Hommur village is now under construction. It may take 2 years for completion. The other chattram which is in the village itself was only opened in his presence

and shewed signs of disuse and non-habitation so no persons could have either lodged or been fed in it. The present managers viz Veerappa and Madu of the Inam lands endowed to these Chattrams, when questioned as to how the produce of the land was utilized and what became of the vessels &c of the Chattrams and what accounts they had kept on account of these chattrams, stated that Lingayets &c were fed by them in their house and the Brahmins were being fed in the Shanbhogue's house to whom rice &c was being supplied by them. All these statements appear to be far from being true. Under these circumstances it appears reasonable to resume these lands under Government management and to transfer the chattrams from Honnavi which is in the Yelandur Jahgir to Suntémarahalli a Government village and a very important one too if Government deems it fit.

2. The vernacular papers on the subject are herein enclosed.
